## WORK EXPERIENCE

### SWITCH TO SOLAR [Web Developer Intern]

May 2020 – July 2020

- Integrate databases and different APIs to create web app for sales reps. Primarily worked with the Infusionsoft and Fusedesk APIs.
- Created desktop applications using node, electron.js, and puppeteer to automate workflow for inside sales reps.

### DISRUPTIVE ADVERTISING [Front End Web Developer]

July 2019 – March 2020

- Made Websites match mockups perfectly for A/B testing using Javascript and CSS. Used VWO, Adobe Target, and Google Optimizely for A/B testing
- Worked with different API's for analytics or A/B testing, depending on what the client was using.
- Set up and audited 90% of clients' analytics integrations using Google tag manager, Google Analytics, Google Ads, Facebook Ads, on Wordpress sites, Shopify, and custom built sites.
- Worked closely with designers and marketing consultants to provide the best service for our dozens of clients.
